Open Enrollment is Coming! November 4, 2019

Anaheim Union High School District's annual health benefits Open Enrollment period is November 11 – November 22, 2019, for a January 1, 2020, effective date.

Open enrollment is your once-a-year opportunity to modify your medical, dental, vision and voluntary coverages. You may also add or drop qualified dependents.

Benefit changes are **ONLY** allowed during this open enrollment period, unless you experience a qualifying life event or a qualifying change in family status during the year.

Look for additional information via email and posted at your site. If after reviewing any changes announced to the plan, you decide you would like to make a change to your health benefits, simply log on to our Virtual Benefit Administrative System (VBAS) and make your changes. It's quick and easy!

If you are satisfied with your current health benefit plans, and do not need to add or drop dependents, there is no need to log in. Your current benefits and covered dependents will roll over into the next plan year for you.

If you participate in the Flexible Spending Accounts with American Fidelity (AFA), mandatory re-enrollment with an AFA agent is required every year. Please call (800) 365-9180, ext 0 to set an appointment. An AFA representative will be at all sites November 12 – November 22.
