What is the Vietnamese Dual Language Immersion Academy?

It is an academic program at Magnolia High School which builds proficiency in both English and Vietnamese.

What will students learn in the Dual Language Immersion Academy?

Students will take two classes in Vietnamese: Vietnamese Language and Coding. Students will take other classes in English.

Dual Language Immersion Academy is not replacing English with Vietnamese, but it provides students the opportunity to acquire a second language. Many of us do not remember our second language, because we learned it out of context and in isolation. By enrolling in the Vietnamese Dual Language Immersion Academy, students will retain the Vietnamese Language much better.
