**Resolution No. 2007/08-HR-10 of the Board of Trustees of the Anaheim Union High School District Concerning Office of Administrative Hearing Case Number L2008030466 (Roll Call Vote)** ***ACTION ITEM***

The Board of Trustees took action to reduce particular kinds of services provided by certificated employees. This action was necessitated by the state-wide budget crisis and significant reductions in district revenue. District staff carried out the board's decision by using a selection process that involved seniority, in accordance with the requirements of the Education Code.

When this action was first initiated the district notified 116 certificated staff members of possible layoff, including 98 classroom teachers. When 31 of the classroom teachers requested a hearing before an administrative law judge, the district was required to defend its procedures, steps, and processes of layoff. The administrative law judge announced this week that each and every aspect of the district's layoff procedures were implemented according to law. The Board of Trustees must now formally adopt this resolution to accept the judge's decision and to dismiss the designated teachers.
