

Facilities

When it is determined that school facilities must be built, or expanded to accommodate an increased, or projected increased enrollment, the Board of Trustees shall consider appropriate methods of financing for the purchase of school sites, and the construction of buildings. In addition, financing may be needed when safety considerations, and educational program improvements require the replacement, reconstruction, or modernization of existing facilities.

The Superintendent or designee shall research funding alternatives, and recommend to the Board of Trustees, the method that would best serve District needs as identified in the District's facilities master plan.

These funding alternatives may include, but not be limited to:

1. Levying developer fees pursuant to Education Code 17620 and Government Code 65995-65998;
2. Issuing voter-approved general obligation bonds;
3. Forming a school facilities improvement district pursuant to Education Code 15300-15425;
4. Using lease revenues for capital outlay purposes from surplus school property;
5. Imposing a qualified parcel tax pursuant to Government Code 50079;
6. Forming a community facilities district pursuant to Government Code 53311-53368.3, the Mello-Roos Community Facilities Act;
