

In general, pupils are responsible to their parents and to the certificated staff when in attendance at school or school-sponsored activities.

Any student may be represented by his/her parent or guardian on matters of concern to the parent/guardian and to the pupil as provided by Board Policy 91204, Non-Employee and/or Guardian Complaints Against School Employees.

It is the policy of the Board of Trustees to give the senior high Student Advisory Board an opportunity to communicate with the Board of Trustees. This communication will normally be in the form of a report which will be an agenda item at each regular Board of Trustees meeting throughout the year.

A student who desires to bring an item to the Board of Trustees independently of his/her parent/guardian and outside of the channels open to the senior high Student Advisory Board should contact the school principal and then the superintendent or his/her designee prior to the scheduled Board of Trustees meeting. The subject and reason for requesting appearance before the Board of Trustees will be discussed with the superintendent prior to appearing before the Board of Trustees.
