

Student lockers are school property and remain under the control of the school at all times; the right of inspection of students' school lockers is inherent in the authority granted school boards and administrators.

Inspections of lockers may be conducted by school authorities for any reason, at any time, without notice, without student consent, and without a search warrant. This authority may be exercised when evidence suggests that the safety and welfare of students or personnel may be threatened. The goal of the Board of Trustees is a safe and secure learning environment.
