## Requirements for Schools Participating in Federal Meal Program

For any district school participating in the National School Lunch and/or Breakfast Program, food and beverage sales conducted outside the district's food service program on school campuses during the school day shall comply with applicable nutritional standards specified in 7 CFR 210.11 and 220.12 or with state nutrition standards in Education Code 49431-49431.7 and 5 CCR 15500-15501 and 15575-15578, whichever rule is stricter.

These standards shall apply to all competitive foods and beverages sold from midnight before the school day to one-half hour after the end of the school day. (7 CFR 210.11)

In any middle or high school, a student organization may be approved to sell food items during or after the school day if all of the following conditions are met: (5 CCR 15501)

Only one student organization conducts a food sale on a given school day and the organization sells no more than three types of food or beverage items, except that up to four days during the school year may be designated on which any number of organizations may conduct the sale of any food items.

The specific nutritious food items are approved by the Superintendent or designee in accordance with Board policy.

Food items sold during the regular school day are not prepared on the premises.

The food items sold are not those sold in the district's food service program at that school during the school day.

The Superintendent or designee shall maintain records, and shall require organizations selling food and beverages to maintain records to document compliance with federal nutrition standards for all competitive foods and beverages sold through and outside the district's food services program. At a minimum, these records shall include receipts, nutrition labels, and/or product specifications. (7 CFR 210.11)
