A single, three-month supply

- With a three-month supply, you're less likely to miss a dose, which can keep you healthier. Also, you don't have to refill as often, you will save time and money
- Smart 90 offers a choice of home delivery or retail for your 90-day maintenance medications. Additionally, you can continue to fill your 30 day supply at your current pharmacy without any penalty.
- With home delivery, you get 24/7 access to pharmacists and specialist pharmacists, who have expertise in chronic and complex conditions.
- Convenience; 31,500 retail Walgreen pharmacies.
- Home delivery pharmacy services from Express Scripts offer strong adherence, dispensing accuracy of 99.99%, the convenience of having medication sent directly to the member, plus 24/7 access to pharmacists and access to specialist pharmacists who focus exclusively on members with chronic and complex conditions.
- Retail pharmacies offer in-person pharmacist consultations, convenient locations and access to front end merchandise, as well as expanded health and wellness services
